A RECIPE FOR BEAUTY

Lehn & Fink's Riveris Talcum Makes Women More Charming. It Will Do the Same for You

Doubtless you've been wondering how you could make yourself a little more attractive. Every woman wants to be attractive. It's half her "stock in trade." Yet the solution of the problem is often very simple.

Try using Lehn & Fink's Riveris

Try using Lehn & Fink's Riveris Falcum whenever you are dressing. Its exquisite fragrance lends a personal daintiness to the wearer that is often irresistible. It is called the dainty woman's talcum, and justly so. It's so fine and fluffy in texture that it soothes the tenderest skin. It is absolutely pure, containing none of the boracic acid and injurious time found in most talcums. And remember, there is no other talcum so effective for keeping the skin cool and free from irritation during hot weather.

To Ward Off Winter Complexion Ills

(From the Queen.)

To keep the face smooth, white and beautiful all winter, there's nothing guite so good as ordinary mercelized wax. Rough, chapped or discolored skin, inevitable in this weather, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, the latter being applied at bedtime and washed off mornings. Creams, powders and rouges, on the other hand, are apt to appear consplctions at this season, because of alternating expansion and contraction of the skin, due to changing temperatures. I advise you to try this simple treatment. Get an ounce of mercolized wax at any dragstore and ase like cold cream. This will help any skin at ance, and in a week or so the complexion will look remarkably youthful and beathy.
